

PHOTOGRAPHY

A black and white dog with long, floppy ears is sitting upright on a paved surface. The dog has a white patch on its chest and front paws. In the background, there is a red brick wall and a wooden fence. To the left, there are some logs or branches leaning against the fence. In the foreground, there are purple flowers, possibly lavender, which are slightly out of focus. The overall scene is outdoors, likely in a garden or backyard.

Task 1 - Camera Usage

Camera

The camera i use is a Canon eos 2000D with 2 lenses:

1. 18-55 MM
2. 75-300 MM

It's a good beginners camera, many people are pleased with the usage of the camera, but also about the ability to change the settings to your liking.

Fun fact: Canon cameras score better on autofocus.

Task 2 - Hidden faces
